

SECRET SERVICES

Ikea

YOU ALREADY KNOW that this Scandinavian company has won hearts worldwide by developing and selling an enormous range of stylish household furnishings and accessories. You may also know the intense frustration of driving to one of their mega-stores in Sydney, Melbourne, Brisbane, Perth or Adelaide only to find that the item you selected in the catalogue wasn't in stock...

BUT DID YOU KNOW the IKEA website now incorporates a stock search function? Head to www.ikea.com.au and work your way through the customer service page to the stock availability engine and punch in the details of the item you hope to buy. If the item is in stock, jump in the car and get to the store before it sells. If it's not, then give your nearest outlet a call and ask when it will be back in stock.

Dulux

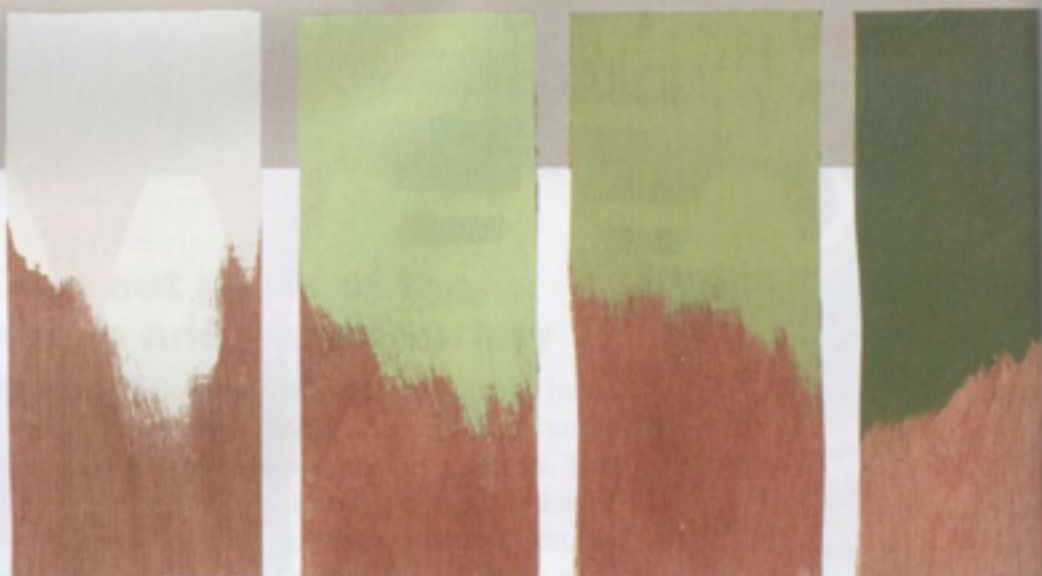

YOU ALREADY KNOW that Dulux makes an extensive range of quality paint and texture products...

BUT DID YOU KNOW that they can help you to keep a watchful eye on the weather in the days before you paint? The Dulux WeatherShield WeatherDesk provides up-to-date weather information from anywhere in Australia. It can be downloaded to your desktop, providing you with a three-day weather forecast, so you can plan ahead (or not) for that big painting job. To download the Dulux WeatherShield WeatherDesk, go to www.dulux.com.au/weatherdesk

Freedom

YOU ALREADY KNOW that Freedom sells a range of furniture and home accessories...

BUT DID YOU KNOW that they have a Decorator Consultancy service? For \$110 for three rooms, or \$200 for more than three rooms, a Freedom Decorator Consultant will come to your home, advise you on how to create your ideal look and recommend Freedom furnishings to suit. If you buy more than \$3,000 worth of products from Freedom in the following three months, the fee will be refunded. For further information, or to arrange an appointment, call your local Freedom store or visit www.freedom.com.au (NOTE: Prices may be subject to change.)

Sherwood Shades

Our deliciously cool colour selection for this month comes from Watt's low-sheen odorless paint (from left) Almost Agua, Cape Green, Holly and Forest Green, from \$31.48 a litre.

Slog it for comfort

Sloggers has released The Leisure Boot, a PVC ankle-high women's boot, designed for comfort. Waterproof, with a non-slip sole, the boot features a removable padded insole and is suitable to wear when working in the garden – if they get dirty, they can simply be hosed off! The Leisure Boot is available in women's sizes 6-10 and comes in

green, red or navy. They are available from leading garden centres or direct from the GardenWear website for \$59.95. For further information or to order, call 1800 726 687 or visit www.gardenwear.com.au

Making cleaning easier

Make surfaces easier to clean with EnduroShield – a permanent invisible coating that simplifies cleaning soap scum from household surfaces. There are two products in the range – EnduroShield for Glass (suitable for shower screens, windows, mirrors and glass splashbacks) and EnduroShield for Tiles and Grout (suitable for ceramic, vitrified and porcelain tiles, toilets, basins and tiled kitchen splashbacks). The products can be applied to new or existing surfaces. EnduroShield DIY Kits retail for \$59.95. For further information, visit www.originaustralia.com
